Organisations Prosper

Museum trustee induction

Our two part trustee induction is an introduction to best practice museum governance for new trustees, but also a refresher for existing trustees, and a valuable networking opportunity. The sessions will be interactive and give you practical tools to use right away. Join us on 5 and 19 October. Training grants available for AIM members to cover the cost.

Supply chain issues?

We're keen to hear from AIM members experiencing issues with their supply chain, for example, with Christmas stock for the museum shop. We'd like to get an understanding of whether there are supply chain problems and any potential impact on trade. Please do share any challenges at your museum via the link below.
